BIOGRAPHY

Stefan Soare is a Copenhagen-based DJ/producer known for immersive, melodic sets that connect deeply — both on the floor and beyond it. His recent EP Eleuthera (Awen Records) climbed to #3 on Beatport's Melodic House chart and #1 in Progressive House, cementing his place in the new wave of organic, emotional club music.

Bookers can choose between Stefan's signature DJ sets or his highly sought-after Live Set — built entirely from his own original and unreleased music, crafted to create powerful, atmospheric experiences. Every live set is a journey — no syncs, no fillers, just his raw sound performed live.

More than just a performer, Stefan's mission is to fuse sound with nature, using music as a tool to raise awareness and inspire deeper connection. His music explores the space between technology and the natural world — textured, emotional, and always evolving.

With a growing network of radio residencies across Europe, Stefan also offers promo support to bookers through interviews, show announcements, and exclusive mixes aired to thousands of engaged listeners.

If you're programming Melodic House, Organic grooves, or deep Progressive vibes, Stefan Soare brings music with purpose — and performance with depth.
